Nomination questions

Please **refrain** from using **specific names of staff and/or buildings** in the descriptions below.

1. Describe the STEM Education program or project that is the focus of this nomination (not to exceed 200 words). The nominated program or project must

have been operational between January of the previous year and January of the current year. Work outside of this timeframe will not be considered as acceptable evidence.

Please note that applications will be evaluated utilizing the Dayton Regional STEM Center's nationally recognized STEM Education Quality Framework. (To learn more about the STEM Education Quality Framework and the 10 associated components visit DaytonRegionalSTEMCenter.org and use the search function, key term: SQF. For a copy of the framework click here: <http://goo.gl/q3SdwM>)

2. Describe the specific ways in which the nominated Group or Team collaborated internally (School-based Collaboration) or with one or more external organization(s) (Community Collaboration) to design, deliver and/or sustain the STEM Education program for efforts occurring between January of the previous year and January of the current year (not to exceed 200 words).

You will also have to acknowledge the following:

- I have notified the nominee of this award nomination. (Nominees will receive an email invitation, at the provided email address, to complete their portion of the application).
- I certify that the identified nominee has not been a recipient of this award in past years.
- I understand that incomplete applications are not scored and that an application requires:
 - Completed Nominator Form
 - Completed Nominee Form
 - Letter(s) of recommendation (minimum of 1, maximum 3)
- I understand that award recipients will be recognized at a formal STEM Banquet on May 10, 2023 (from 4:30-6:30pm).
